João Pedro

Hi! My name is Joao Pedro and I am a software developer student and a self-taught full-stack developer.
My main focus is on web and mobile technologies such as Angular, Flutter, Vue and Spring Boot. I focus on using strongly typed and fully OOP technologies.

👤 ABOUT ME

In 2020 I decided to make an effort to study consistently and put aside games and friends. I wanted to prepare myself to be independent programmer and to improve myself as a developer and as a person. I'm actually studying Software Engineering BSc (Hons) on the UK.

⚙ WORK HISTORY

📅 04/2018 - 10/2018
⚲ Hashpower,
Leiria, Portugal

IT Technician

📅 06/2013 - 04/2018
⚲

Future Investment

Invested some time on studying and learning IT technologies on different areas, hardware, network, systems and programming. Worked as part-time in multiple jobs to support myself economically.

📅 01/2013 - 06/2013
⚲ Softmold, Marinha Grande, Portugal

Web Developer (Internship)
